Images

1. Select the "**Show More Buttons**" button on the toolbar. 
2. Select the "**Insert or edit image**" button that has now been revealed. 
3. In the pop-up window, select "**Browse repositories.**" 
4. In the next pop-up window, select "**Chose File.**" 
5. Use the file browser to find the image on your computer, and select "**Open.**" 
6. Enter the required information
 - o **Save as** – provide the image with a title, if your desire.
 - o **Author** – this will automatically be set with your name as shown on Moodle.
 - o **Choose License** – you can select the license that allows you to use the image, including **All Rights Reserved, Public Domain**, and all **Creative Common Licenses.** 
7. Select the "**Upload this file**" button.
8. In the box below "**Describe this image for someone who cannot see it,**" enter your alt-text for the image.
 - o You have 128 characters.
 - o Alt-text allows others accessing the Moodle page via a screen reader, or if the page fails to load the image, to know what is shown in the image.
9. The image will automatically be set to **Auto size**, you can uncheck this box if you wish to adjust the dimensions to a specific size. 
10. Select the **Alignment** of the image on your page (**Top, Middle, Bottom, Left, or Right**). 
11. Select the "**Save image**" button to close the pop-up window. 
12. Your image is now embedded on your pag or post and you can continue typing and/or adding more content.
